

1504-CPD-096/08

In conformity with EC Commission Directive 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products amended with EC Commission Directive 93/68/EEC of 22 July 1993, it has been ascertained that the products manufactured pursuant to the requirements stipulated in

EVS-EN 771-3 Specification for masonry units. Part 3: Aggregate masonry units (dense and light-weight aggregates)

aggregate masonry units

to be used in various load bearing or non load bearing walls

have been manufactured by

OÜ Balti Kivitehas

(Reg. no.) 11379600, 10-19 Sõpruse Avenue, 50605 Tartu)

Keila factory

(10 Linnamäe Street, 76605 Keila)

have passed the initial type tests and production thereof meets the production control system.

The Certification Centre of the Tallinn University of Technology,

as the notified body, has conducted the initial inspection of the factory and the production control system and performs constant supervision, evaluation and approval of the production control system in the factory.

The certificate is to prove that all factory production control certification requirements stipulated in

EVS-EN 771-3:2011

Annex **ZA** have been implemented.

The certificate was initially issued on 22 October 2008 and is valid as long as no significant changes are made in the technical specifications, production conditions or factory production control system described herewith.

In Tallinn 19 December 2011

Toomas Laur
Director of the Certification Centre of Tallinn
University of Technology
